Steve Weber focuses his practice on environmental, administrative, and municipal law, as well as class action litigation. Steve has experience in regulatory compliance matters, business transactions involving environmental issues, and environmental litigation. Steve also regularly participates in environmental and business class action litigation.

Steve authors articles on environmental law and compliance issues and is a regular speaker on emerging environmental issues.

While at the University of the Pacific, Steve was the associate legislation editor of the *Pacific Law Journal*.

REPRESENTATIVE EXPERIENCE

- Utility, mining, forest products, waste services, and chemical manufacturing.
- Water quality permitting, compliance, and litigation, including interbasin transfers, drought management, wetlands, NPDES permitting, and hydropower matters.
- Federal Superfund litigation and state court litigation involving groundwater and hazardous waste contamination.
- Environmental insurance litigation.
- Appeals of agency orders.
- Hazardous waste compliance and responses to notices of violation under RCRA.
- Citizen suits under RCRA, CERCLA, and other environmental statutes.
- Clean Air Act Title V permitting and other air matters.
- Environmental permitting issues.
- Solid and hazardous waste management and disposal matters.
- Underground storage tank regulation and cleanups.
- Environmental issues in business transactions, including due diligence reviews and environmental audits and site assessments.
- Environmental and business class action litigation.
